

## WELL KNOWN RESIDENT DIES BY DROWNING IN THE MONONGAHELA

Body of George M. Stewart Recovered Few Hours After Tragedy

WORRIED BY HIS ILLMENTS

Has Been in Ill Health for Several Months, Three Operations Having Been Necessary—Nervousness Apparent on Sunday.

Driven desperate supposedly by his physical ailments and by worry, George McClelland Stewart, aged 52 years, and one of the best known residents of Charleroi, Tuesday ended his life by drowning himself in the Monongahela river above Second street. Nothing was known of his deed until Tuesday afternoon and it was not until 2:30 o'clock that Howard Ludwig, manager and instructor at the Charleroi Bathing beach managed to locate his body in water 15 feet deep by diving from the bathing pier.

Within the last three years, Stewart had suffered much and had been in ill health the most of the time. He had within the last few months to undergo three operations, the first for appendicitis, the second for abscess and the last for adhesions. He was not in shape to resume his position as warehouse man at the local freight office of the Monongahela division, P. R. R. but was given a position as crossing watchman at Second street through the influence of J. B. Tussing, local P. R. R. agent. He was to hold this position this summer until his open-air and easy work should put him in condition for warehouse work this fall and winter. Stewart was to begin his new duties, having undergone the necessary examinations.

Early Tuesday morning Stewart left his home, having remarked that he was to "go up the river" to see the man who was to employ him. This had previously been arranged. He is said to have been seen on the river side at about 6 o'clock, and later by S. T. Franks on Second street. He did not seem unusually nervous. No inkling of the tragedy was had until near noon a coat and hat was found by a bathing beach watchman along the shore near the beach. Inasmuch as coats had been found before and had been claimed afterwards by the owners, nothing much was thought of the matter. Still a persistent effort was made to ascertain the identity of the owner, and if possible to learn if a man had been bathing in the morning before the beach was opened. Little could be learned.

Early in the afternoon news of the absence of Mr. Stewart was circulated and then the ownership of the coat and hat was established. Immediately, diving was started by Manager Ludwig from the bathing beach. He dove from different points several times without success. By that time railroad men and others had been attracted to the spot. Efforts seemed unsuccessful to locate the body, but Ludwig took a final dive that was longer than any of the previous ones, and brought up the

(Continued on page four.)

FIVE PERSONS CAUGHT IN EARLY MORNING RAID BY THE POLICE

Crest Avenue House Raided and Three Women and Two Men are Placed Under Arrest.

Chief of Police C. W. Alwright this morning at 3 o'clock headed a raid on an alleged disorderly house that was said to be operating between Eighth and Ninth streets on Crest Avenue. The result of the raid was that three women and two men were arrested. Mrs. Marnie Bell was said to be the housekeeper and she put up \$10 of a forfeit for her appearance. Mrs. Ada Saddle and Goldie Blackburn, alleged inmates, each put up \$9 and Edward Smith and Leroy Hesters, machinists of Donora the same amount as forfeits. They have failed to appear, so the borough will probably be enriched financially to the extent of \$46.

## COUNCIL MEETS AND ADJOURNS

Resignation of Councilman Rickey is Not Taken Up Tuesday Evening

ORDINANCE MATTERS TABLED

Four members of council were all that appeared at the regularly scheduled time for a meeting Thursday evening and all that was done was to call the roll and adjourn until next Tuesday night. None of the important paving ordinances to be considered were taken up and neither was the resignation of Councilman J. K. Rickey.

President D. R. Duvall was in the chair and councilmen present were Samuel Michener, J. K. Mitchell and J. K. Rickey. The resignation of Councilman Rickey was presented, but was not read. If sufficient of a quorum is present at the meeting next Tuesday night it will probably be considered. Paving ordinances are to be taken up as soon as possible, but they require the attention of all members.

**DEMOCRATIC MEETING**  
Wednesday evening, July 14 at 7:30 P. M., Business Men's hall, Woodward Furniture Bldg. For the purpose of filling out and signing petitions for the different borough officers to be nominated at the coming primary election. Every Democrat most earnestly requested to attend and assist in having our very best men selected as candidates.

By order  
Dem. Precinct Committee  
23-22.

"The Island of Regeneration" a six reel Vitagraph masterpiece at the Majestic Theatre today. 24-21

## CHARLEROI MAN WINS OFFICE OF GRAND TRUSTEE, B. P. O. ELKS, AFTER CONTEST

J. E. Masters Beats Out John B. Jeffery, of Oakland, Cal.,—Baltimore Chosen For the 1916 Convention

In the election of officers at Tuesday's session of the Grand Lodge of Elks at Los Angeles, Cal., only two contests were held. J. E. Masters, of Charleroi, Pa., defeated John B. Jeffery, of Oakland, Cal., for grand trustee to succeed James R. Nicholson of Massachusetts as Grand Exalted Ruler, succeeding Raymond Benjamin of California. W. B. Schell of Michigan was elected Grand Leading Knight; William Low, Saginaw, Mich., Grand Loyal Knight; E. R. Ingersoll, Seattle, Grand Lecturing Knight; Thomas E. Bonohue, New London, Conn., Grand Tyler and Oliver Black, Oklahoma City, Grand Inner Guard. Fred C. Robinson, Dubuque, and Charles A. White, Chicago, were selected secretary and treasurer respectively.

## FORMER CHARLEROI MAN DROWNED WHILE SWIMMING OHIO RIVER AT STEUBENVILLE

Frank Hoge, Steamboat Pilot and Son of Capt. W. A. Hoge, Loses Life When Swept Down River by Swift Current

News of the drowning of Frank Hoge, aged about 40 and a former Charleroi man, was received by friends here today. Hoge was a son of Capt. W. A. Hoge, formerly of Charleroi, and a steamboat pilot. Attempting to swim across the Ohio river at Steubenville, Hoge was caught in a swift current and carried over the Brown's Island dam. The body was recovered. Hoge had been camping with friends in the vicinity. Hoge had been employed as a pilot by the Monongahela River Consolidated Coal and Coke company, and the last boat on which he was employed was the J. C. Risher.

## TWO ASSISTANTS TO THE SUPERINTENDENT NAMED AMUSEMENT PLACES IN STATE TO BE INSPECTED

E. F. Westlake and Harry S. Kuder Elected by County Directors And County Superintendent Crumrine To Important Posts.

Edward F. Westlake, principal of the Third ward schools of Washington and Harry S. Kuder for 13 years principal of the Peters Township High school, have been named as assistants to the county superintendent of schools for Washington county. Mr. Westlake will be first assistant and Mr. Kuder second. Their commission will date from July 1. The oath of office was administered to both Monday afternoon by Judge Irwin and they will at once take up their duties as assistants to Superintendent L. R. Crumrine.

The appointment of these two well known school men was made by the county superintendent of schools, L. R. Crumrine and the officers of the School Directors' Association of the county who met for this purpose Monday at the county superintendent's office.

The position carries with it a salary of \$1,200 a year. The appointments were made according to an act of assembly of 1911 which has been inoperative until the last legislature made an appropriation to pay for the assistant superintendents. Governor Brumbaugh signed the bill early this month and steps were taken at once to have the appointments made in this county.

The county will be districted and

State Commissioner of Health Arranges For Thorough Campaign Against Disease—Source of Water Supply to Be Investigated.

According to official figures two million Pennsylvanians attended the county fairs in this state during last year. Thousands more at some time during the season attended some public festivity at a picnic grove or camp meeting ground.

In many of these places of amusement which are used but a few days a year the sanitary arrangements have been more or less primitive. In carrying on a campaign for the still further reduction of typhoid fever throughout the state, Dr. Samuel G. Dixon, Commissioner of Health, has arranged for a complete inspection of every one of these public amusement places. This work is already under way and will be completed before the season for county fairs begins.

The inspectors will study the source of the water supply in every instance, whether it is furnished by a water company, supplied from surface streams, wells or springs, the character of the watershed, the number of habitations on it, whether boating or fishing are allowed on the streams above the water intake, etc.

If the supply is received from springs, the location of the springs with respect to the camp, the nearness of buildings, outhouses, and the possibility for the pollution of springs by the flow of surface drainage the method of its distribution

## COMPLETE PROGRAM ANNOUNCED FOR TOMORROW'S CELEBRATION

DR. JOSEPH A. HOLMES, HEAD OF BUREAU OF MINES, DIES

"Best Known Man in Mining World" Succumbs to Attack of Tuberculosis—Was to Speak at Eldora

Miners and mine operators of this vicinity received the news today of the death at Denver on Tuesday of Dr. Joseph A. Holmes, aged 57, director of the United States Bureau of Mines, from tuberculosis. Dr. Holmes had been scheduled to speak at Eldora park on Saturday, August 14, at the annual outing of miners.

Dr. Holmes was probably the best known man in the mining world. He was the originator of the slogan, "Safety First", and his work for safety in the mines was notable. He introduced the oxygen helmet in rescue work, and to his efforts credit is due for the present efficiency of the U. S. Bureau of Mines. Dr. Holmes leaves his widow and four children.

See "The Island of Regeneration" at the Majestic today. 24-21

## NEW STATE ROAD IS DULY OPENED

Highway Between Webster And Monessen Now Being Used by Public

ROAD CONSIDERED GOOD ONE

The new state aid road between Webster and Monessen is now practically completed and is being used by the public. The layer of brick was completed Thursday, July 1 and was officially opened to the public this week. Hundreds of automobiles have already passed over the road and it promises to become a great driveway for motorists.

For a distance of about 1,000 feet between the Henderson mine and Turkey hollow it is necessary to turn off the brick and skirt the river bank on the old road. It will likely be a few weeks yet before the road is formally taken over by the state.

There is yet some work and cleaning up to be done. The erection of concrete culvert head-walls was completed last week and this week the workmen will be busily engaged in grading slips, burms and ditches. A retaining fence will be erected over a goodly portion of the route and this will likely occupy a couple of weeks.

The road is pronounced one of the finest in the state by all who have passed over it and Contractor J. F. Patterson and the Donora Construction company are being praised for the good time they have made under difficulties.

"The Island of Regeneration" a wonderful production at the Majestic today in 5 parts. 24-21

Afternoon to be Featured By Playgrounds Events Of Much Interest

EVENING PROGRAM AT DEARIE LYNN INDIAN AT DEARIE

Drills by Boys and Girls and Athletic Events Under Direction of Playgrounds Managers to be Given—Swimming Races Arranged.

The entire program for tomorrow's playground and beach celebration to be conducted under the auspices of the Child Welfare Circle has been prepared, it to begin at 2 o'clock with a parade.

The parade will begin at the Ninth street school building and will end as previously announced at the playgrounds. A flag raising by the old soldiers will be one of the first events at the playgrounds. A salute will be given by the boy scouts and patriotic songs will be sung by children. Rev. John R. Burson, pastor of the Washington Avenue Presbyterian church will make an address. The following will be the remainder of the program at the playgrounds:

Drills by girls under Miss Shebana, folk dances, chimes of Dunkirk Danish drills of greeting, shoemakers drill, carousal, children's music drill, Swedish clap drill; Ring games, cat and mouse, three deep, E fishet and I tacket, relay races, three legged races.

Drills by boys under W. Auer, drills by Boy Scouts, potato races for boys and girls, egg race for girls, fat man's race of 100 yards, ladies race of 100 yards, high jumping for boys, threading a needle for men only, 100 race, volley ball contest for men and boys, quoit contest for men and boys. Badges of honor will be given to winners.

At 7 o'clock in the evening following drills, the following will be the program of contests: 25-yard swim, open to boys under 12; 50-yard swim open to boys under 15; 50-yard swim open to all members of Playgrounds' association; fancy diving for boys under 15; 25-yard handicap for boys under 12; 50-yard handicap for boys under 15.

Music will be furnished by the Veteran Guard Drum corps, and refreshments will be sold both at the playgrounds and the beach.

MAJESTIC THEATRE TO HAVE GOOD PHOTOPLAY TODAY

The attraction at the Majestic Theatre this evening will be the six reel production entitled, "The Island of Regeneration." This picture is one of the most wonderful productions that has ever been staged.

## "WOMEN AND WINE"

"Women and Wine," the famous five act Shubert attraction starring William Elliot and all star cast, will be the leading attraction at the Palace theatre tonight. 24-22

J. K. Tener, Pres S. A. Walton, Vice Pres. R. H. Rush, Cashier

## Conservation of Capital

It is a matter of business prudence for individual, firm or corporation to it that their capital is conserved and has every safeguard against loss. Make this protection sure by making the First National Bank your depository. Checking Accounts are cordially invited.

4 Per Cent. Interest Paid on Savings Accounts

Open Saturday Evenings from 6:00 Until 9:00 o'clock  
Depository for the State of Pennsylvania

## \$5.00 Worth for \$1.00

The Durham Duplex Razor Co. are offering their \$5.00 outfit which consists of an ivory handle razor, half dozen blades and a sharpening device, all in a red leather roll

for \$1.00

## MIGHTS BOOK STORE

Our watches besides being beautiful to the eye, are splendid examples of Instrumental Precision for their time keeping qualities are absolutely guaranteed.

We carry a wide range of sizes for both sexes, ranging in cost from \$1.00 to \$100.00 each watch being a representative value in its class.

We test eyes free, do our own lens grinding.

Make all kind of keys and repair locks.

OUR CASH IN BANK  
We seem to have done pretty well  
on the whole, in spite of a bad year.  
The 1931 national banks in this coun-  
try, according to the report of the  
comptroller of the treasury, had  
\$360,000,000 more resources on May  
1 than they had last June and \$300,  
000,000 more deposits, says an ex-  
change.

The total deposits on hand May 1  
were \$5,892,000,000—nearly nine  
times our national debt. And of  
course there are billions of dollars  
more deposited with the state banks  
and other savings institutions.

Most of the gain has occurred since  
the beginning of the present calendar  
year. Between March 4 and May  
1, the "demand" deposits in the na-  
tional banks gained \$275,500,000.

It was announced last week that  
the Federal Reserve banks of the  
country had over \$700,000,000 more  
than their legal reserve requirements.  
It is likely that the banks of the  
United States today could lend a  
billion dollars without creating a  
stringency or upsetting credit. And  
the funds keep piling up right along.  
Money is cheaper in New York and  
nearly everywhere else than it has  
been for years.

And here's a billion dollars' worth  
of war-supply orders and a billion-  
bushel wheat crop promised and for-  
eign nations selling or pawning their  
American securities and shipping  
gold here by tens of millions of dol-  
lars to bolster up their credit.

If the country doesn't prosper now  
there's something wrong with the  
country. Providence is doing its  
share in making amends for past un-  
kindnesses.

AN AMERICAN INDUSTRY.  
Sixty-eight thousand miles of  
motion picture film was manufac-  
tured in the United States during the  
first eleven months of 1914. The  
figures are from a United States cen-  
sus bureau report. The cost of man-  
ufacture is estimated to be as high  
as \$37,000,000.

The motion picture business is  
rated as the fifth largest industry of  
the United States, declares the Mc-  
Keesport News. This includes mere-  
ly the making of the films. It is  
said that sums ranging from \$300,  
000 to \$500,000 are sometimes ex-  
pended in the making of a single fea-  
ture film. And all this to cater to  
the demands of a public which usu-  
ally pays only a nickel or a dime  
for its entertainment.

To make such an expensive busi-  
ness profitable it must hold an  
immense patronage. It is said that  
there are nearly 15,000 motion pic-  
ture theatres in the United States.  
A trade paper figures that the daily  
attendance is somewhere near 10,  
000,000 people. These are merely  
estimates, but they are doubtless not  
far from correct.

The American people must be amu-  
sed. The motion picture, when the  
masters of the films, the censors and  
the theatre owners keep the pictures  
within the bounds of decency, brings  
intimate amusement within the  
reach even of the least affluent, and  
in this form of educational amuse-  
ment one of the most admirable de-  
velopments of the century.

If the decision to prohibit the sale  
of whiskey and brandy by drug  
stores holds and druggists find it  
necessary to take out a license in or-  
der to sell there will be little liquor  
dispensed save at the barrooms.  
This will be hard on the business be-  
cause of the argument it presents

A cat food company which showed  
its Wagon recently has been in trouble  
ever since. Two things would save  
catnails trouble. One is less fishing  
and the other is obeying the law.

PICKED UP IN PASSING

While on a trip some time since  
Mrs. Smith stopped at the home of  
an acquaintance who lived in a distant  
city. After a ramble through  
the house the woman sat on the front  
veranda to chat.

"I suppose Minnie, pleasantly re-  
marked Mrs. Smith, after a length  
of time, 'that you keep servants?'"  
"Keep servants!" was the rather  
surprising exclamation of Minnie.  
"Well, I should say not!"

"You don't!" returned the visitor,  
lifting her eyebrows. "Why, I thought  
I saw one or two as we passed the  
kitchen."

"Oh, we have one or two on the  
premises a few days at a time," ex-  
plained the hostess. "but we don't  
keep them."

Discussion of "boneheads" occu-  
pied the attention of a group of fans  
who were waiting for the start of  
the ball game at a certain ball park.  
The talk did not concern ball play-  
ers or others whose acts earn them  
this expressive title but the acts  
themselves, which also in the vocabu-  
lary of the baseball fan, are classi-  
fied as "boneheads."

"You can all talk about 'bones,'  
but I recall one that has the world  
beat," loudly maintained one member  
of the party. "I don't mind letting  
you hear of it even if it is at my own  
expense."

Along with many others who ought  
to know better by this time he felt  
the lure of the San Diego and San  
Francisco expositions this spring and  
has been looking over the Golden  
state in general. He has visited the  
moving picture ranches and studios  
stock companies in the neighborhood  
of Los Angeles he took a notion to  
visit Oregon and from there went on  
to Alberta and who knows where  
else.

"We went into a little cafe, three  
of us. When my turn came I paid  
for the beer and we were just leaving  
when I saw a little pile of money  
on the bar. I thought that looked  
pretty soft so I sneaked it he change  
into my pocket and out we went."

"Is that all?" asked one of the list-  
eners when the speaker paused.  
"Well, where was the bonehead in  
that?"

"Where was the bonehead in that?  
Why, thickhead, none at all—except  
that I had swiped my own change."—  
Louisville Times.

Electric Sparks

A certain soap is advertised to  
clean clothes with a single rins-  
ing. That's what we need for the  
Monongahela river.

Everybody is looking forward to  
a vacation, some to their own vaca-  
tions and others to others' vacations.

Why should anyone invent a  
"draw Mappus"—Exchange. Frank-  
ly we can't answer without showing  
a ignorance.

One noticeable thing about New  
York's lawyers is that they are all  
foreigners that is, honest in their  
pursuit of Thaw.

A Wisconsin declares Holt was a  
greater patriot than George Wash-  
ington. If he keeps up talk like that  
for awhile he will be in shape to  
argue about his own claim to patriotic  
regard.

Some people who are willing to be-  
lieve that Muenster was Holt de-  
cline to accept that Holt was Muen-  
ster.

James Adams says Europe wants  
peace. Too bad Europe doesn't know  
its own mind.

Enquirer

Advice.  
When things don't going right with  
you, and you can't make them go,  
wait a while. In this good advice  
you'll find four hundred things; when  
things are not going right, and cus-  
tomers are not, when all your assets  
are in a hole, don't fuss and hear your  
advice. Just listen to this good advice  
and take it if you're wise. Give every  
article a price and then go to work;  
don't overlook a day, and soon you'll  
see the world go right and things will  
come your way. Invest in good pub-  
licity, and fortune you will greet, and  
the world will be right up on  
Easy street.

Paw Knows Everything.  
Whitt—Paw, what are speaking  
terms?  
Paw—Contracts for Chautauqua lec-  
tures, my son.  
Lusk.  
This dope will do you good, my boy.  
If you're not too dumb;  
The only thing there is to luck  
Is good had common sense.

The Reason.  
"My husband tells me that you fired  
him," complained Mrs. Rouser. "What  
was the matter with him?"  
"He was loaded," replied the boss.

Wait a Week or Two.  
Behind his horse we now parade.  
He surely was a careless loon.  
Today we'll plant him with a spade.  
The man who took them off too soon.

The Wise Fool.  
"Silence is golden," quoted the sage.  
"That's right," agreed the fool. "It  
costs something to keep a man's mouth  
shut."

Cheer Up!  
You can be equal to the test.  
Just hustle and quit sighing;  
A fellow's bound to do his best  
If he is always trying.

Two Recent Legal Decisions.  
Dentists are not physicians within  
the meaning of the statute which al-  
lows the sale of intoxicating liquor on  
Sunday on the prescription of a phy-  
sician, and to hold otherwise would  
make toothache more welcome and  
prevalent than snake bite.

Wuff!  
Dear Luke:  
Absence makes the heart grow fonder.  
Whisky makes the nose turn blue;  
Peroxide makes the hair turn blonder.  
But distance lends enchantment to the  
view.

she has discovered that she wrinkles  
her nose when she laughs.

The man who takes his pay envelope  
home to his wife without opening it  
may be henpecked. But he is seldom  
in line with the bunch that says "Good  
morning, judge" in the police court on  
Monday.

Father never notices how much the  
baby resembles its mother until it be-  
gins to bawl for things that it can't  
have.

A man is never so poor that he isn't  
willing to share his poverty with a  
woman by marrying her.

A court, even though it might know  
all the law part of the time and part  
of the law all the time, might not know  
all the law all the time.

Some people are so finicky that they  
will not embrace an opportunity until  
they have traced the pedigree of the  
opportunity and found out if it has  
been embraced before.

A reader wants to know the differ-  
ence between an apartment and a flat.  
Why, about \$25 a month. Ask me  
something hard.

Mother will go to the ten cent store  
and get a ten cent hammer, a ten cen-  
t saw, a ten cent chisel and a five cen-  
t screwdriver, and then she will get mad  
because father can't do a job of trend-  
ing for which the carpenter wanted to  
charge her \$4.50.

Other people often strike you as be-  
ing cranky, don't they? Well, that is  
just what they are thinking about you.

When the bride sits down and sighs  
and wonders if she might not have  
done better the honeymoon beats it  
into the bathroom and begins frisking  
the shelves for the carbolic acid.

The less a woman's photograph re-  
sembles her the more she likes it.

hunt for a white horse when he saw a  
redheaded girl now has a son who  
hunts for redheaded girls when he is  
riding in his white automobile.

AMUSEMENT PLACES

When the ground etc. will be in-  
vestigation. When the water supply  
of these amusement grounds is fur-  
nished by springs, the digging of  
water with drinking cups, etc., will  
be stopped and overflow pipes will  
be required so that the water can  
be obtained by the public without  
the danger of polluting the main  
supply.

Where wells are used they will be  
required to be free from surface  
drainage. Where conditions warrant  
it samples of the water supplies will  
be taken and forwarded to the state  
department of health laboratory for  
bacteriological tests as to their  
quality.

The proper disposal of sewerage is  
another important protective mea-  
sure. The condition of all vaults and  
regulations for their care and  
cleaning will be thoroughly investi-  
gated. The condition of public wash  
rooms, etc., will also be examined.  
Garbage disposal will also be studied  
and provision for its removal and de-  
struction required.

While the occupancy of all these  
places is of temporary nature, care-  
lessness and a failure to observe nec-  
essary precautions, is apt to be a  
menace to a comparatively large per-  
centage of the population of the state  
and for this reason this thorough in-  
spection has been ordered by the com-  
missioner of health.

IMPROVEMENT SHOWN IN  
CHARTERS MINING CIRCLE

Saturday was the first payday since  
last November at the Midland mines  
of the Pittsburgh Coal company and  
\$10,000 was paid out to the 600  
men employed at the works. The  
last few weeks have shown im-  
provement in the coal industry in  
the Charters valley some mines  
which have been idle having resumed  
operations in part or in full. The  
new mine of the Henderson Coal  
company, on the recently extended  
Montour railroad is being put in op-  
eration. It will give employment to  
several hundred men.

OLD DEED RECORDED AT  
COUNTY SEAT THIS WEEK

An old deed recorded this week  
was that as follows:  
September 5, 1903—John Shanton  
et al., Charleroi, trustees of Redstone  
Primitive Baptist Association to  
Trustees of Horseshoe Baptist Cem-  
etery Association a tract of one acre  
in Horseshoe Bottom; consideration  
\$1.

THOUGHT SHE  
COULD NOT LIVE

Restored to Health by Lydia  
E. Pinkham's Vegetable  
Compound.

Unionville, Mo.—"I suffered from a  
female trouble and I got so weak that I  
could hardly walk across the floor with-  
out holding on to something. I had  
nervous spells and my fingers would  
cramp and my face would draw, and I  
could not sleep, nor sleep to do any good,  
had no appetite, and everyone thought I  
would not live.

Some one advised me to take Lydia E.  
Pinkham's Vegetable Compound. I had  
taken so much medicine and my doctor  
said he could do me no good so I told my  
husband he might get me a bottle and I  
would try it. By the time I had taken  
it I felt better. I continued its use, and  
now I am well and strong.

"I have always recommended your  
medicine ever since I was so wonder-  
fully benefited by it and I hope this  
letter will be the means of saving some  
other poor woman from suffering."—  
Mrs. MARTHA SEAVEY, Box 1144,  
Unionville, Missouri.

The makers of Lydia E. Pinkham's  
Vegetable Compound have thousands of  
such letters as that above—they tell  
the truth, else they could not have been  
obtained for love or money. This med-  
icine is no stranger—it has stood the  
test for years.

If there are any complications you  
do not understand write to Lydia E.  
Pinkham Medicine Co. (confidential)  
Lynn, Mass. Your letter will be opened,  
read and answered by a woman and  
held in strict confidence.

To the Business  
Men of Charleroi  
The prosperity of a city is in direct proportion to the local pride.  
Where local pride runs high, prosperity has a firm foothold. Such  
a town is a good place to live and do business in.  
Paint helps to a remarkable degree in spreading an impression of  
prosperity throughout a community. It gives a fresh, new, inviting  
look wherever it is used. Municipal buildings, stores and homes  
feel its good effects. Growing business is bound to be one of the  
direct results of a liberal use of paint, not from any magic in the  
paint, but because of the pride which is stimulated.

Dutch Boy  
Beymer-Bauman  
Armstrong-McKelvy White Lead  
mixed with Dutch Boy linseed oil is the paint of quality and always has been.  
Lasting and economical. Sold by all good paint dealers. Get in touch with your  
dealer today.

A CAMPUS SCENE AT INDIANA, PA. NORMAL.  
THE SCHOOL OF 1,500 STUDENTS.

## Indiana Normal, A School For Ambition

A Pittsburgher's Impression of the Famous School at Indiana, Pa.

The other day I went up to Indiana, Pa., about 50 miles from Pittsburgh. I saw a great many things, but the first thing I saw was the Indiana Normal School. It is a great school, and it is the best school of its kind in the world.

It is a school of 1,500 students, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

It is a school of ambition, and it is the best school of its kind in the world. It is a school of ambition, and it is the best school of its kind in the world.

### Hard Work and Healthful Play

If you get the impression from what I've written about serious work that the students' life at Indiana is a "grind," you are quite mistaken. When they work, they work with a will, and when they play they play the same vigorous life and spirit into the play. Baseball, tennis, basketball, all sorts of track events—after classes the wide grounds are alive with healthy young people enjoying themselves. There's a splendid big room for dancing. The girls have a kitchen of their own where they put into practice their cooking and serving lessons. There are special clubs, societies, a debating club, a U. A. Y. W. C. A., a well-stocked library, and a reading room. If there's anything boys and girls want and should have, it's given them at Indiana. I can't think of it.

The principal of Indiana Normal is Dr. James E. Ameal, A. B., Ph. D., Ed. D., who came to the school in 1905 when it had about three hundred students. If you want to see a place far more interesting than any factory or drill producing battlefields or ammunition or breakfast foods, go to Indiana, where they are training young women and men to live useful and happy lives. If you can't go, the next best thing is to read the Indiana Catalogue, a beautifully illustrated book. As nearly as pictures and text can, this book does justice to the greatness of the school it describes. It is a remarkable book about a wonderful school—and it is sent free on request. Anyone interested in schools—and everybody ought to be—should have this book. It makes you proud of our state and the people who have made such a school.

### Many Comforts—Small Expense

One of the many wonderful things at the school is the quality and number of things they provide for a very small amount of money. The school is very like a college in appearance in furnishing and equipment. It is very like the homes of well-to-do men of excellent taste. The rooms are perfect for comfort; there is steam heat, electric light, running water, elevators. The school has its own power plant, which cost \$150,000, its own ice plant, cold storage rooms, fruit and vegetable laundry and tuition for \$200 a year. If you are preparing to teach, for \$250 if you are not going to teach, for \$200 a term—\$200 for a school year. A few days after visiting Indiana, I was for the opportunity of trying to sleep in a study hotel room not a far

## WAREHOUSES CONTAIN NOW 18,800,169 DOZEN OF EGGS IN THIS STATE

Poultry and egg storage warehouses hold 18,800,169 dozens of eggs according to the reports filed with Henry and David Commissioners James Fout at the close of June. This is probably the largest number of eggs held in storage on June 30 since the cold storage law became operative and is explained by the statement that this is the season of the year when the eggs are placed in storage for winter. The number is greater than a year ago while the contrast with March 31 is shown by the fact that on that day only 1,077,760 dozens were reported in storage.

The report also shows that 362,275 pounds of eggs out of the shell are held in storage, or 40,000 pounds more than on April 1.

Butter in storage at the end of June is reported at 1,964,877 pounds, this being the season for storing. On March 31 there were 904,000 pounds in storage.

Poultry shows a decline, there being 2,361,431 pounds in storage against 3,438,302 at the end of March but there is the usual summer jump in fish, the storage being 1,800,188 against 403,912 pounds in March.

Less meat in carcasses is reported in storage. The beef stored is 31,300 pounds against 833,623 in March; veal, 15,011 pounds against 14,856 pounds in March; sheep 85,926 pounds against 256,843 pounds in March and hogs, 277,462 pounds against 539,362 pounds. Parts of beef in storage aggregated 947,454 against 1,228,895 at the end of March.

### Musicians Visit Here

J. Vick O'Brien, director of the musical department of Carnegie Tech; Selmar Jamson, piano teacher at this school; Frank Brosky, a violinist of Pittsburgh and Casper Koch, a North Side, Pittsburgh, Carnegie Hall organist were visitors here Monday, being guests of Robert T. McGowan, a piano student at Carnegie Tech.

### CHARLEROI "BABES" BEATS MILLSBORO BASEBALL TEAM

The Charleroi "Babes" defeated the Millsboro team at Millsboro Tuesday by the score of 10 to 5. The score: R H E  
Char 10 10 2 3 0 2 0 2—10 11 1  
Millsboro 1 10 0 0 0 0 0 3—5 9 8  
Batteries—Charleroi, McIlvaine and Boyce; Millsboro, Stacovich, Blackburn and Caputo.

## PERSONALS

Mrs. H. H. Carothers and daughter Miss Velma of Washington avenue spent Wednesday in Pittsburgh. Mr. and Mrs. J. A. Hepler and daughter Miss May and Mrs. Brown left this morning for Erie, Pa., where they will visit with relatives.

George Hornell has returned from Detroit. Mr. Clemens and other lake points.

Mr. and Mrs. J. L. Reeves have gone to Morgantown, W. Va., to visit with Rev. and Mrs. E. G. Stanley for a week or ten days.

Mrs. John Davis and daughter, Catherine of Charleroi are visiting Mrs. Nannie Gayman at Scenery Hill a few days.

Miss Tena Estenfelder of Charleroi has been visiting this week with her parents, Mrs. A. A. McDonald, at Harrison Place, Monongahela.

### That Letter—

You never received a reply to it, and you wonder if it was delivered or if it was lost. If your name and address had been on the envelope it would have been returned to you if the addressee could not be found.

Let us show you how cheap we can print 500 or 1,000 envelopes. We will also print letterheads. The material, workmanship and price will be right.

Yes—Many People have told us the same story—distress after eating, gases, heartburn. A **Rexall** Dyspepsia Tablet before and after each meal will relieve you. Sold only by us—25c.

## CHARLEROI IS NO EXCEPTION

Charleroi People Come Out as Frankly Here as Elsewhere.

Charleroi people publicly recommend Doan's Kidney Pills. This paper is publishing Charleroi cases from week to week. It is the same everywhere. Home testimony in home papers. Doan's are praised in thirty thousand signed statements, published in 30,000 communities. Charleroi people are no exception. Here's a Charleroi statement.

Mrs. W. L. Evans, 104 Lookout avenue, Charleroi, says: "One of the daily works among turpentine and that affected his kidneys. He complained of a heavy, dull ache across his back and was annoyed by regular passages of the kidney sections. Several years ago he tried Doan's Kidney Pills, which he got from Piper Bros. Drug Store, and they

proved to be the very medicine he needed. I am glad to recommend Doan's Kidney Pills, as I know they are a good household medicine." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Evans recommends. Foster

### Notice to Contractors.

Sealed bids will be received until Thursday July 22 by the Pigeonfield school board for the erection of an addition to frame school house and frame room over same at Pigeon creek school. Plans and specifications may be seen at the Bank of Charleroi or at home of Secretary. Board will meet at Bank of Charleroi July 22 at one o'clock sharp to award the contract. Board reserves the right to reject any or all bids.

## Redpath-Brockway Chautauqua

SAVE \$6.15

Advance Sale Season Tickets - \$2.00  
Single Admissions Aggregate - \$8.15

This wise woman is placing \$6.15 in the bank. She has bought a Season Ticket for the Chautauqua for \$2.00 and has made this saving by buying a season ticket instead of single admissions for the Chautauqua week.

Charleroi Chautauqua, July 27 to August 2

## How much longer will you put up with dusty roads?

You hold your breath and shut your eyes when an automobile swirls by raising a cloud of dust.

But if you want to know the real annoyance of this condition **ASK YOUR WIFE.**

**SHE IS THE ONE THAT SUFFERS MOST.**

If you had the task of keeping furniture dusted, curtains clean, carpets and floors spotless **YOU WOULDN'T CONSIDER ANY COST TOO GREAT TO PUT DOWN SUCH A NUISANCE.**

That task keeps your wife busily at work.

Ask her what it would be worth to have the dust laid in front of your house. Ask her what it would mean to the children's health and cleanliness. Ask her if the front porch wouldn't be a more pleasant place to sit. Ask her if the yard and the flowers wouldn't look better if they were not continually coated with a layer of dust.

Ask your wife these questions and you will have your eyes opened.

Rain makes crops grow. It also lays the dust. But rain doesn't come often enough to **KEEP** the dust laid. Therefore, there must be some artificial means of doing it.

Those means are being adopted by progressive communities throughout the state. Property values have grown. The better roads have proven attractive to touring motorists—a liberal class of spenders. The business interests of the town benefit.

Good roads alone won't do. They must be dustless roads too.

Common comfort and cleanliness demand them. Business necessity demands them. Civic pride demands them.

**YOU CAN GET DUSTLESS ROADS EASILY.**

Urge your neighbors to see the necessity for them. The cost is small compared with the advantages. Write to The Atlantic Refining Company of Philadelphia and Pittsburgh for information on the subject which you can use to influence the neighborhood.

This concern will send a man, without obligation, to give facts and figures for improving roads with oil or asphalt.

He is a road expert and is now co-operating with your County Engineer in improving State roads in your vicinity.

The Atlantic Refining Company is under contract with this State to oil or resurface with asphalt hundreds of miles of State roads.

It has a big fleet of auto trucks and wagon distributors operating in every county in the State, making it possible to take care of your roads immediately and economically.

This expert can and will show you how. Just say the word.

It is up to **YOU** to do this. Don't wait for somebody else because somebody else may not do it. Start the ball rolling today and everybody will fall into line.

All they want is a **LEADER**—so write The Atlantic Refining Company yourself—today.

### THREE SWALLOW POISON BUT ONLY ONE IS DEAD

Greene Countians Suffer From Accidental Poisoning—Boy Finds Tablets And Tastes. But Doctor May Pull Him Through.

Louise White, aged 13 months, daughter of Mr. and Mrs. Clyde White of Rogersville, is dead; Inez McPhee of Waynesburg is in a dying condition from an attempt to end her life and John Rice, aged 12 years son of Mr. and Mrs. Thomas Rice of East Waynesburg, is in a serious condition in the Waynesburg hospital all three having swallowed poisons, the two children by mistake.

Finding a strychnine tablet as she crept about the floor in her home the little daughter of Mr. and Mrs. White commenced to eat the deadly drug. The child became violently ill in the afternoon and Dr. Frank S. Ullom of Waynesburg was summoned. All efforts to relieve the child proved futile and its death occurred at 4 o'clock.

Miss McPhee swallowed bichloride of mercury at her home in the Bucktown section of Waynesburg about 1 o'clock Monday morning. A physician was summoned as soon as her condition was discovered and she was removed to the hospital. But little hope is held out for her recovery. She resided in Washington for several years.

The Rice boy found a bichloride of mercury tablet while playing under the porch of his home and out of curiosity to discover what it was he had found tasted and swallowed a quantity of the drug. He became ill and Dr. Harry Scott was called to attend him. He was also rushed to the hospital and it was reported that he would probably recover although just how serious his condition is cannot be told for several hours.

### TWO ASSISTANTS

(Continued from page one.)

each assistant superintendent will be given a territory with Mr. Crumrine to supervise the entire field. In talking of the appointments Mr. Crumrine stated that the appointment of these two men, well-known in educational circles, meant closer supervision of the schools of the county, and that the standard of the schools would be raised. These appointments will mean that every school of the county will be visited at least once and perhaps twice, during the term and the teachers as well as the pupils will be benefited.

The work of Superintendent Crumrine has been so heavy the past few years that it has been impossible for him to visit all the schools and give attention to the other work connected with the office. Last year he visited 527 school in the county, besides attending institutes and conducting all the routine work of the office.

The officers of the Directors' Association which had the power of appointment with the county superintendent are: A. G. Braden, president, Washington; Grant Zollars, Deemston, vice president; Dr. H. M. Lacock, secretary, West Finley; and Attorney James Vinson, treasurer, Washington; Dr. W. D. Martin, vice president, Sparta.

## NOT ONE PASSENGER KILLED IN ACCIDENT

Pennsylvania Railroad Reports Show Up Splendid Record For Year—Last Fatal Train Accident Occurs In November, 1912.

Records just closed for the year ending June 30 show that in that period the Pennsylvania Railroad system carried approximately 180,000,000 passengers and not one was killed in a train accident.

These records cover the entire system, with lots more than 26,000 miles of track, located in 13 states, including the lines east of Pittsburgh, the Long Island Railroad, the Cumberland Valley Railroad, the New York, Philadelphia and Norfolk Railroad, the Baltimore, Chesapeake and Atlantic Railway, the Maryland, Delaware and Virginia Railway the lines west of Pittsburgh, the Vandalia railroad and the Great Rapids and Indiana Railway. The Pennsylvania system operates some 115,000 passenger trains every month.

On the lines east of Pittsburgh and Erie, consisting of the Pennsylvania the Philadelphia, Baltimore and Washington and the West Jersey and Seashore Railroads not a single one of more than 265,000,000 passengers carried in the past two years and a half has been killed in a train accident. The last train accident in which a passenger was killed occurred at Glen Loch, in November, 1912.

### SCHOOL BOARD DOES NOT FILL VACANCIES

Meeting in special session, the school board failed to act on the resignation of Glenn T. McCauley and George S. Long in the high school faculty, at their meeting Tuesday evening. The meeting was rather brief and was taken up with the discussion of matters pertaining to the beginning of school and the housing of the school children this year. No date has yet been set for the opening, but at the next regular meeting of the board, which will be next Tuesday, this matter will probably be attended to, together with that of the two vacancies.

### "WOMAN AND WINE" TO BE SHOWN AT PALACE TONIGHT

The attraction at the Paace theatre this evening will be the five act Shubert feature "Woman and Wine" with William Elliott in the leading role. This picture was to have been shown at the Palace several weeks ago but owing to unavoidable circumstances it was not presented.

### One Team Shows Up.

Stone's team of Charleroi showed up for a game Tuesday at the ball park but the Gillie Stars failed to put in appearance and the game was forfeited.

Says He Was Injured in Mill  
Robert Coates asks \$25,000 damages in a suit he filed at Pittsburgh against the American Steel Wire Company. He alleges that he suffered injuries of a permanent nature while at work at the Donora plant of the company on April last.  
One of England's greatest handicaps is said to be a lack of officers. Isn't the Kaiser a colonel or something in one of those British regiments?—Philadelphia Inquirer.

### WELL KNOWN RESIDENT DIES

(Continued from page one.)

body. Deputy Coroner, Lawrence B. Frye was informed.

Mr. Stewart was married and leaves his widow, his mother, Mrs. Dorothy A. Stewart, of Charleroi, two sisters, and one brother. One of the sisters is Mrs. Thomas Gailbraith, of Charleroi and Southern Pines, N. C. He was a member of the Washington Avenue Presbyterian church, and took an active interest in the affairs of this denomination. He was secretary of the Brotherhood Bible Class of the Washington Avenue church. Sunday Rev. John R. Burson, pastor of the church and elders administered the communion service to Mr. Stewart and his mother at his home. At the time he seemed nervous, as he had since his last operation. It seemed that his worries had in some sense unbalanced him. There was nothing, however, to indicate any intention to commit the act which Tuesday ended his life, and no thought of any such thing entered the minds of any of his friends. That his deed was that of a man sadly weakened physically and mentally by months of illness is the opinion that prevails.

Mr. Stewart had been employed a number of years as warehouse man at the local freight station, and was known as one of the best warehouse men along the Monongahela division. He was popular among railroad men because of his cheerfulness and genial disposition, as well as his readiness always to help.

The funeral will be held on Friday afternoon at 2 o'clock at the late home at 137 McKean avenue, conducted by Rev. John R. Burson. Interment will be in the Monongahela cemetery.

WILLIAM ELLIOTT  
IN  
WOMAN & WINE

Scene from the five act Shubert attraction "Woman and Wine" starring William Elliott supported by an all star cast, Palace theatre tonight.
